

Dear Angus

During my tenure as Brand Manager for Garden Court by Southern Sun we used Durrans Fudge very successfully as our Frequent Guest gift. We found the product to be of high quality, proudly South African and well packaged. The Garden Court fudge tin become something that our guests looked forward to, either to take home to their family after their stay with us or to indulge on in their room as a snack. Angus was always very approachable and eager to accommodate our special requests re packaging and product and I found him a pleasure to work with.

Kind regards
Louise
